

Elevator

4.5 Metre Firewood Conveyor & Elevator

Designed & Manufactured in the UK

This 4.5 metre adjustable and portable conveyor enables the easy loading of firewood into bags or vehicles. Reduces manual handling and increases productivity. Single person operation with wide positioned wheels that makes the conveyor easy and safe to move around. The conveyor can be adjusted to a very low height making it suitable to move large rings without the danger of them rolling down if the conveyor is at a steep angle. Supplied with swivel / braked wheels as standard.

Key Features:

- > Hydraulic drive
- > Large hopper for collection
- > Variable height easy adjustable
- > Strong high quality construction
- > Drop down handles for easy movement
- > PVC cleated and jointed belt
- > Hydraulic height adjustment
